

Teaching School Development Plan		
Subject Leader: Darryl Morgan		Date: September 2016
Action related to Improvement Targets		By
Target .1. Curriculum and Assessment Development. To implement the new curriculum alongside the new Assessment system to replace National Curriculum Levels, ensuring this is carried through to all staff so that the assessment of learning can be undertaken by all staff, sharing expertise and work load.		07/17
Target.2. Staff Teams' Assessment for Learning, (using IRIS as a tool). To further develop and embed the used of IRIS by class teams to assess their own performance and identify actions to enable the team to better challenge and impact on children's learning.		07/17
Target.3. Improving learning outcomes through increasing in lesson engagement, developing this as an indicator/measure of in lesson progress To develop the understanding of support staff to ensure engagement of pupils and to identify how to implement the engagement profile to build engagement levels for all pupils.		07/17
Development Targets	Resource/cost	By
Development Target 1: To build in a system for evaluation of all aspects of the Teaching School's work to ensure there is evidence to inform what works, what to improve and what to adapt.		
Attached to all courses, ITT, Research, School to School Support, is an identified aim/outcome that is pupil related. This will include a timetabled follow up evaluation to build in this expectation from the outset and ensure the foci of work is targeted and evidences impact for accountability.	Darryl, Jayne and Debra working together	09/16
Development Target 2: To streamline and amend the professional study programme for 2016 – 2017, recruiting professionals from other local schools.
